Who We Are and What We Do

The Dundee Local Practice Forum (Dundee LPF) is a group of social work and social care practitioners (staff who work directly with service users) from the statutory and voluntary sectors who meet every month to support the development of social work practice in Dundee.

Changing Lives which came out of the 21st Century Social Work Review, published by the Scottish Government in 2006 proposed that its implementation should harness the active involvement of frontline professional practitioners in the development of social work, and that Local Practitioner Forums were the vehicle to deliver this.

If you want to contribute to the debate about the future of social work and social care, then the Dundee Local Practice Forum is the place to get your voice heard. I also invite you to become a member of the Dundee Local Practice Forum by downloading and completing a membership form and returning it to one of the co-chairs listed below.

The Dundee Local Practice Forum is presently coordinated by:

- Gareth Eastwood - 307624
- Sandra Dowie - 513150
- Louise Rourke - 513150
